The final rejection of June 4, 2010 has been withdrawn and the amendment to the claims has been entered.

Claims 44-64, 77-86, 90, 92-94, 99, 102-104, 106 and 107 are allowed.

Claims 65-76, 87-89, 91, 95-98, 100 and 101 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 65 depends from cancelled claim 42. An amendment to the claims clarifying including the substance of claims 41 and 42 in claim 65 would overcome the rejection.

The specification is objected to for the following reasons.

In the specification, paragraphs 30 and 44 contain references to claims. An amendment to the specification clarifying this issue would overcome the objection.
